

Foundations of Private Capital Event Brief

Item	Description
Company name:	Australian Investment Council Limited
Event name:	Foundations of Private Capital
Confirmed date/s of event:	Tuesday 18 th , Wednesday 19 th and Thursday 20 th April 2023 (3 day residential)
Confirmed time/s of event:	Residential day sessions from 8:30AM – 5:00PM
Program aim:	<p>To deliver advanced knowledge and skills development for early career investment professionals (with generally up to two years of experience) in the Australian private capital industry.</p> <p>To make attendees “deal ready”.</p>
Learning outcomes:	<p>On completion of this practitioner-led knowledge and skills building program it is anticipated that course participants will:</p> <ul style="list-style-type: none"> • understand the role of private capital within the funds management and investment sector, as well as the machinery of how the industry works, and the constituent components of the broader ecosystem within which the industry exists • have an advanced understanding of the relevant issues in the context of assessing, valuing, contracting, monitoring and exiting private capital investments • apply and interpret alternative private capital valuation methodologies as part of a robust and comprehensive diligence process • understand how the private capital industry is evolving, and the importance of ESG and diversity and inclusion to the future of the industry • acquire familiarity with the full spectrum of private capital investments from early-stage start-ups, through to growth and expansion capital, as well as management and leveraged buyouts, encompassing an understanding of the differing risk and return profiles of different investment strategies within private capital • be able to apply a private capital investment mindset to ‘real world’ business case studies.
Program outline:	<p>PRE-WORK</p> <p>Any pre-work will be circulated to participants one week prior to the start of the residential days.</p>
